DETAILED ACTION

Response to Amendment

1. The amendment filed on 09/20/2004 has been entered and made of record. Claims have been renumbered 1-9.

Allowable Subject Matter

2. Claims 1-9 are allowed.
3. The following is an examiner's statement of reasons for allowance: Claims 1-9 are allowable over the prior art made of record because the Examiner found neither prior art cited in its entirety, nor based on the prior art, found any motivation to combine any of the said prior art which teaches a driving device for a module, comprising: a first rigid frame; a second rigid frame; an active gear wheel disposed on said first rigid frame; a passive gear wheel disposed on said second rigid frame; a driving belt engaged with said active gear wheel and said passive gear wheel; a rigid component having a first end and a second end, said first end being affixed to said first rigid frame, said second end including a vertical surface and being connected to said second rigid frame; and an elastic component having a first end and a second end, said first end being in contact with the vertical surface of said second end of said rigid component, said elastic component sleeving said second end of said rigid component; wherein said elastic component interacts with said second rigid frame to allow said second rigid frame to move along the axis of said rigid component within a predetermined distance when required to adjust the tension of said driving belt, said second
